

## Confirming Your Ceremony

As a guide I will make contact around a month before your ceremony to see how you are going with a draft of the ceremony content. Using the ceremony format or basic sample ceremony as a guide you can either type up a draft or send me the relevant selections and the sample that they were selected from and I will put a draft together in my font, format and style and send it back to you for review. This way you can read through and check it and also you have a keepsake of the ceremony and vows.

We will finalise the details in three easy steps;

1. I will forward you a link to confirm your ceremony details on my [Confirm Ceremony Details form](#).
2. You can use the [Meeting Request form](#) to arrange a final meeting or rehearsal if you would like to.
3. *Have a great ceremony.*
